## CHARGE ATTEMPT TO BRING ALIEN GIRL OVER BORDER

Frank Napert of Berlin, N. H., Held by Immigration Authorities

Charged with attempting to illegally assist an alien woman to enter the United States and misrepresenting her as an American citizen, Frank Napert, aged 25, a locomotive engineer of Berlin, N. H., is out on \$200 bail pending his appearance in United States Court at Rutland, N. H., where he was held by U. S. Commissioner Walter H. Clear in Newport following his preliminary hearing.

Miss Lita Bedard, who also gave her home as Berlin, N. H., was held under \$200 bonds as a material witness in the case.

Napert and Miss Bedard were taken into custody at Island Pond by Immigration Inspector Goodman. The couple, it was later learned, were returning from a week end trip spent

## NEW ENGLAND CROPS SHOW GOOD CONDITION

WAKEFIELD, Mass., Sept. 11.—The condition of the Arrostook, Me., potato crop was reduced to 78 per cent of normal by late blight in August according to the N. E. Crop Report of the Bureau of Crop Statistics issued today. The excellent condition of the crop elsewhere in Maine in part offset the Arrostook loss. Absence of rain leaves the crop free from rot and the quality good. The forecast for Maine is 25,426,000 bushels against 24,480,000 bushels in 1919, and the five years average of 23,309,000 elsewhere in New England. Some blight but no rot is reported.

The total forecast for New England is 37,176,000 bushels, a gain of nearly 16.6 per cent over last year's crop of 35,080,000. New England commercial apple crop is forecast as 16 per cent less than 1919 with 1,238,900 barrels estimated. The Massachusetts cranberry crop is forecast at 300,000 bushels, 66,000 less than last year. Other crop reports are: Connecticut Valley onion, considerably above 1919; tobacco still considerably short of a full crop although rapid gains were made last month; corn is reported better than average in Maine, New Hampshire and Vermont. A full crop of oats is reported in Maine, New Hampshire and Vermont, and above the average elsewhere.

## COL. EMERY FOR INDUSTRIAL DEVELOPMENT

Attempts Made by Other Candidates to Misrepresent His Position

The Barre Times in an editorial states in every clear way just what Col. C. S. Emery of Newport stands for in his campaign for the gubernatorial nomination. We re-print the editorial in full:

**WHAT EMERY STANDS FOR**  
Opponents of Curtis S. Emery of Newport as a Republican candidate for governor have asserted that Emery is hostile to the development of the industrial life of Vermont and is wholly committed to a policy of developing the agriculture of the state. This unjust charge is probably a product in part of the emphasis which one of the other candidates places on the industrial development of the state, the supporters of that candidate coming to the conclusion that

## FAILURE TO SING BRITISH ANTHEM HALTS CONCERT

ADELAIDE, Australia, Sept. 11.—The concert given here last Thursday by John McCormick, noted Irish tenor, was broken up by a demonstration, a part of the audience rising and singing the British national anthem and some of them shouting that McCormick was a Sinn Feiner. He has cancelled his other engagements in Adelaide. The audience resented the omission of the national anthem from the program. In examination the tenor said he had understood the anthem was usually sung when the governor was present.

## SOCIALIST REVOLT SPREADS IN ITALY

TRIESTE, Sept. 11.—A Socialist revolt in which barricades were erected in the streets, and artillery, rifle, machine guns and bombs were freely employed in the struggle between the rioters and the military, broke out here this afternoon. Italian troops and naval forces however had succeeded by 8 o'clock tonight in completely restoring order. At that hour the troops were patrolling the streets and a destroyer anchored in the harbor commanded the public square. Several of the soldiers were wounded and several casualties occurred.

MILAN, Italy.—Excitement is intense in this city as to the possible decision of the Confederation of Labor relating the movement on the part of metal workers to occupy and operate industrial plants throughout Italy. There is a spirit of compromise in the air and it is believed that meetings between employers and representatives of workmen, which continued today, will result in some adjustment of the situation.

## EVANS LEADS OUMET AT 18th HOLE

ROSLIN, N. Y., Sept. 11.—Chick Evans of Chicago led Francis Oumet at the 18th hole of their 36 hole match today for the national amateur golf championship.

## 700 WOMEN WILL REGISTER FOR PRIMARIES

Total Today Reached 558—Dale to Speak Here at Rally Tonight

St. Johnsbury was the political storm center of the state today. Politicians were as thick as flies around a candy pile and as eager to get at the sweets—who for one day of the year were the "common" voter. Not so common at that for the newly enfranchised women voters were the objects of special solicitude of the candidates.

Dr. J. D. Bachand threw some consternation into the ranks of the other candidates for County Senator by having two fine automobiles at the disposal of his friends all day Friday and bringing scores of women voters to the Town Clerk's office to qualify as voters.

Up to noon today the total check list of women voters showed 558 names. This is close to half of the total male vote of an election and it is safe to say that before closing time tonight the town clerk will have registered fully 700 women voters.

This is the last day that voters can register for the primaries and the clerk's office will be open for registration from 2 p. m. to 10 p. m.

The big political rallies tonight with two flag raisings will draw out probably the biggest crowd ever seen at a political gathering in this town. The three candidates for governor are here to address the voters as well as three of the candidates for Congress, Messrs. Gibson and Gordon and Congressman Dale.

## Senator Kenyon Declares Democratic Candidates' Personal Representative Appeared In Cox's Place

(By the Associated Press)

CHICAGO, Sept. 11.—The Senate committee investigation campaign expenditures opened its final hearing today with Senator Edge absent. In a statement he said that the "slush" fund charges made by Gov. Cox had been given even more consideration than his "irresponsible charges warrant."

Today's hearing was marked by the appearance of girls employed at the internal revenue office at Aberdeen, South Dakota, Representative Johnson of that state charged that girl employees were solicited for \$40 each to aid the Democratic campaign in that state.

Refusal to summon Gov. Cox as a witness was announced today by Senator Kenyon, chairman. He gave out a telegram received by Frank A. Munsey, Eastern publisher, demanding that the Democratic presidential nominee be subpoenaed. The reply was to the effect that Edmund H. Moore had appeared before the committee as a personal representative of the Ohio executive and the committee considered that sufficient.

Frederick Barber of New York testified that he was brought back to Chicago to organize a seven-day drive in this city for the \$500,000 which Harry Blair had said was Chicago's quota. He said he had conducted about 60 similar campaigns for political, civic and philanthropic funds. He then described the methods of organizations saying there

were seven divisions and 45 teams of about a dozen men each and for the sub-division, so that nearly 3,000 workers all told were provided for.

## TIRED OF BEING "POOR LITTLE RICH GIRL"

GLOUCESTER, Mass., Sept. 11.—Miss Louise Fletcher, daughter of an Indianapolis millionaire, who fled from the family summer home on Tuesday was found today at a farm near Ipswich. She told the police when she was brought here that she fled from home because she felt she had been subjected to too much discipline from childhood and that she was tired of being a "poor little rich girl." She cut her hair short like a boy, put on overalls and rowed off in a row boat, as she said to start life as a sailor and to earn her own living. She applied for a job on sailing boat at Gloucester. After that she towed across Annisquam Bay and landed on the Essex shore where she hired out as a laborer. She began work this morning.

## IF THE 3 WISE MEN OF THE EAST

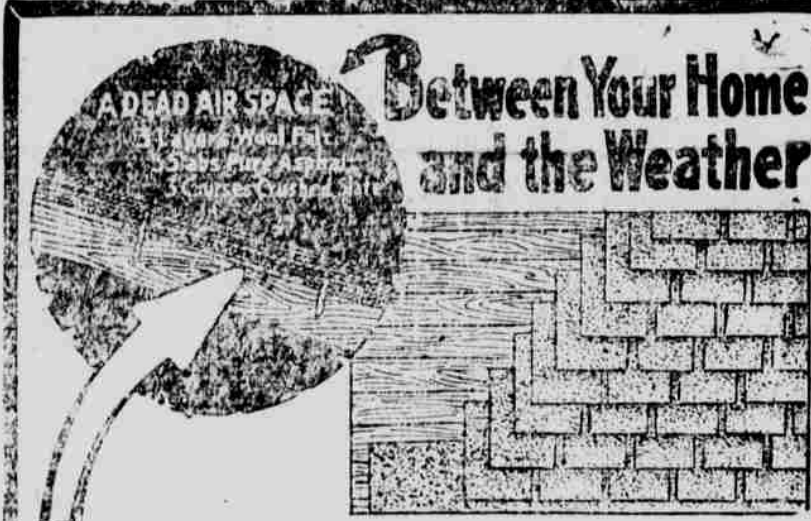

stopped off at St. J. House each needing a Fall outfit—the chances are they would ask the hotel clerk which store was which—and then they'd DROP IN AND LOOK US OVER.

That's how we stand with these knights of the room and bath—

They give us the rate of being the leading men's store in the town—and it has been our experience at home and abroad that the man behind the register knows the ropes.

Shuman Fall Suits.  
Cluett Fall Shirts.  
Guyer Fall Hats.  
Black Cat Underwear.

**Steele, Taplin & Co.**  
W. A. TAPLIN, Prop.  
On the Hill

Wood felt means warmth in the winter, coolness in the summer and strength always. Asphalt means everlasting protection from storms and water, rust and decay. Crushed slate means fire protection combined with the beauty of unfading natural colors.

All this you secure when you roof your home with

**JAPROID**  
Asphalt Slate Shingles

Approved by UNDERWRITERS' LABORATORIES

Every shingle perfect, uniform, laid four inches to the weather. Japroid Asphalt Slate Shingles cover your roof three deep. In storms your house will remain perfectly dry and wind-tight. Not a shingle will curl or warp. All shingle heads fully protected. Good for a quarter century of exposure. The artistic dull red color is absolutely permanent, being the natural color of the original slate. Should fire consume your neighbor's house, your roof would be your safety.
